**NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED ON
31ST MARCH, 2013****1. SIGNIFICANT ACCOUNTING POLICIES****1.1 Basis of Accounting:**

The financial statements are prepared under the historical cost convention on the accrual basis of accounting in accordance with the generally accepted accounting principles, the applicable mandatory Accounting Standards and the relevant provisions of the Companies Act, 1956.

The Company is in to construction / erection business, where, the operating cycle depends upon the completion of the project, which is generally beyond twelve months. However, the Company has considered its operating cycle as 12 months for the purpose of current – non current classification of assets and liabilities.

1.2 Fixed Assets and Depreciation :**(i) Fixed Assets :**

Fixed Assets are stated at cost of acquisition/book value less accumulated depreciation/amortisation. Costs include all expenses incurred to bring the assets to its present location and condition.

Fixed assets individually costing ₹ 5,000/- or less are depreciated fully in the year of Acquisition.

(ii) Depreciation / Amortisation:

(a) Depreciation on assets is provided on Straight Line Method at the rates prescribed in Schedule XIV to the Companies Act, 1956 except on assets acquired on second hand basis, where depreciation is provided over their remaining estimated useful life.

(b) Cost of Intangibles capitalised is amortised over their useful life.

(c) Cost of ERP Software capitalised is amortised over a period of five years.

(d) Depreciation / Amortisation on additions or on sale/ discard of assets is provided on pro-rata basis from the month of such addition or up to the month of such sale / discard as the case may be.

1.3 Investments :

All Long term investments are stated at cost. Diminution, if any, in the value of investments, other than temporary, is provided for each investment individually.

1.4 Inventories :**(i) Stores and Spares :**

Stores and Spares are valued at cost or net realisable value whichever is lower, computed on weighted average basis. Cost comprises of all costs of purchase and other costs incurred in bringing the inventories to its present location and condition.

(ii) Incomplete Contract Works under Contract Work-in-Progress:

“Incomplete Contract Works” are valued by the direct cost method. The direct cost rate is determined for each contract separately by considering all direct costs specifically attributable to each contract. The concept of valuation of “Incomplete Contract Works” under “Contract Work-in-Progress” arises only after the stage when direct costs under each contract are not carried forward any further as “Accumulated Direct Costs” as contemplated in policy 1.6(iii) below.

1.5 Amortisation of Facilities at Customers’ site :

All facilities in the nature of assets created at the customers’ site and which are to be abandoned at the end of the each contract are written off / amortised in equal monthly instalments over the period commencing from the month of completion of the individual facility upto the contracted month for completion of the contract plus twelve months. Billable reimbursements against such facilities, if separately identified in a contract, are similarly credited in equal annual instalments against the write-offs over the said period.

1.6 Revenue Recognition:**Engineering construction business:**

(i) Income by way of revenue arising out of execution of contract work (including supply of materials), is credited as “Income” only after at least 5% / 10% / 15% (depending upon each contract value) of the total estimated contract costs (i.e. direct and indirect costs) in respect of each contract are incurred (on accrual basis). Such revenue is recognised, as the contract progresses, by reference to the stage of completion of each contract and the invoices acknowledged by the customer’s representative. Procurement of goods and materials, prior to commencement of the contract activity, is not considered as a progress in the contract activity and hence, no revenue is recognised, although, value of such goods and materials procured, exceeds 5% / 10% / 15% of the estimated contract costs.

**NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED ON
31ST MARCH, 2013**

- (ii) The Company follows the "Percentage of Completion Method" of accounting for execution of contract work. The revenue from the execution of contracts is recognised proportionately with the degree of completion achieved under each contract, matching revenue with expenses incurred. Therefore, the invoices raised for claiming periodic payments from customers are not accounted as income and the "Trade Receivables / Advances received against Contracts" are reflected accordingly.

Claims made on account of escalation in costs and on account of variation in contract work approved by the customers, are both, recognised as revenue only when and to the extent of the acceptance/realisation of the amount of the claim or variation.

- (iii) Direct costs i.e. all costs related to contracts, which are accounted on accrual basis, are charged to revenue in respect of each contract undertaken, only after at least 5% / 10% / 15% of the total estimated contract costs (i.e. all direct and indirect costs) in respect of each contract are incurred. Till such time, all such direct costs accounted in respect of each contract are carried forward to the next accounting year as "Accumulated Direct Costs" under "Contract Work-in-Progress". Indirect costs are treated as expenses for the year in which they are incurred on accrual method of accounting and charged to revenue.

Infotech Business:

- (iv) Income from Infotech services provided is accounted on accrual basis.

(i) Disputed Income Tax Dues	26,601,871	26,086,590
(ii) Disputed Works Contract Tax Dues	331,766	2,170,085
(iii) Corporate Guarantee given by the Company on behalf of a company	60,000,000	60,000,000
(iv) Counter Guarantees given by the Company on behalf of a company	-	40,000,000
(v) The Company has given performance guarantees and / or guarantees against advances received from the clients in the course of its business. Based on the past experience, Company is of the opinion that no liability would arise on this account and as such the liability, if any, can not be estimated.		

28.1 The Company has, as at 31st March, 2013 loans aggregating ₹ 103,400,000/- (Previous Year - ₹ 103,400,000/-) and interest recoverable thereon aggregating ₹ 49,548,194/- (Previous Year - ₹ 49,548,194/-) due from investment companies. The net worth of these companies has eroded. On the basis of undertaking by these companies to pay the principal amount along with interest, (accrued upto 31st March, 2003) the Company had agreed to waive interest on these loans with effect from 1st April, 2003. As a matter of prudence, the Company had already stopped accounting for interest income on these loans with effect from 1st April, 2003. The management, based on its assessment of the estimated realisable values of the financial assets of these companies, believes that the Company would still be able to recover the loans and interest as mentioned above.

28.2 During the previous year, the Company made one time settlement with an investment company, referred to in Note 28.1 above, to settle the total outstanding amount as on 12-05-2011. Accordingly, the investment company has paid an amount of ₹ 11,658,370/- towards principal outstanding. The balance amount of ₹ 11,658,370/- (Principal ₹ 4,616,630/- and interest ₹ 7,041,740/-) was written off during the previous year.

29. As per the understanding reached by Mukand Limited with Commerzbank AG (the Bank) as recorded in the Consent Terms filed in the Debt Recovery Tribunal, the Company during the financial year 2002-2003 joined as a surety under the said Consent Decree to pay a sum of ₹ 76,000,000/- in the manner specified in the Consent Terms, whereby the Company became entitled to assignment of the entire outstanding debt of ₹ 160,858,072/- due by Mukand Limited to the Bank together with the security held by the Bank. The Company discharged its obligations under the said Consent Terms and the aforesaid debt has been assigned in its favour. The difference between the face value of debt assigned to the Company and the obligation discharged by it aggregating ₹ 84,858,072/- was credited to the Statement of Profit and Loss as "Exceptional Income" during the Financial Year 2002-2003.

During the year 2009-10, the Company re-participated along with other secured creditors in restructuring of Mukand Limited's debts to receive the payment of principal amount and interest only over a period of 9 years (earlier 12 years), on similar lines, as other secured creditors, who have accepted the Financial Restructuring Package (FRP) approved by the Corporate Debt Restructuring Cell for Mukand Limited. As per the aforesaid FRP, interest for the period 1st April, 2002 to 30th September, 2004 was converted into a loan to be repaid till March 2013 (since repaid). The Principal amount will be repaid till March, 2015 as per the said FRP. The Company has ceded pari-passu charge on certain current assets and fixed assets of Mukand Limited to the extent of additional debts raised by Mukand Limited.

30. During the year, the Company has changed its accounting policy in respect of threshold limits to be applied for Income recognition, from 15% to 5% / 10% / 15%, depending upon the value of the contract. This has resulted in increase in Income from Operations and Profit before tax by ₹ 107,735,676/- and ₹ 5,707,456 respectively.
